ABOUT OLIVE D'OR

For this 16th edition of the international extra virgin olive oil competition in Canada, the jury, presided by Christine Cheylan, olive oil expert, was composed of 4 members with undisputed experience. Following the jury's deliberations, the 16 best extra virgin olive oils submitted by producers from around the world were selected to be crowned Gold, Silver, Bronze and Coup de Coeur in the Ripe Fruity, Light, Medium and Intense categories. Two special prizes, Organic and Design, were also awarded among nearly 80 olive oils from 15 countries.

A word from the jury president

For more than 15 years now, the Olive d'Or competition has been judging oils from all over the world and giving them visibility on the North American market. Each year, I observe a great enthusiasm among professionals for this product, which is as old as the world and has never been so popular, especially for its organoleptic qualities and the health benefits it provides. By participating in the Olive d'Or competition, the oils are exhibited for 3 days in a prestigious setting: the Olive d'Or space, a place of discovery and exchange for product enthusiasts.

"Olive d'Or 2022: un grand cru! A beautiful representation of the world olive industry with high quality oils that have delighted our jurors. Congratulations to all the participants and to the winners".

Christine Cheylan
Owner of Château Virant, Olive Oils
